Thank you for your interest in our products. We take pride in our work and love making furniture. We truly want our clients to love it too! To make each piece, we start with wood from sustainably sourced forests. All tables are built using FDA approved adhesive that is also waterproof. We hand rub your selected stain or stains and then spray a protective topcoat using a two-part conversion varnish for durability and liquid resistance. Each piece is hand made here by a small, dedicated team in Vero Beach FL. We like to replace what we use, so we've committed to having a tree planted for every piece of furniture we build.

On this order we included delivery to Ft Pierce. Delivery by August 7th, 2025
